SEQUENCE OF PLAY

Start of Turn Phase

Reinforcement Phase – Both Players

- Both players – follow steps in holding boxes on map

First Player Turn

Admin Phase – Both Players

- Draw assets/events from Selection Cup
  - See turn record track on map
- Phasing Player *first* then Non-Phasing Player
  - Play and resolve events
  - Perform engineering functions
  - Perform staff functions
  - Use Special Action(s)

Operational Movement Phase – Phasing Player

- Place units in reserve, move, build field works, or hold position.

Strategic Movement Phase – Phasing Player

- Move units marked with a reserve marker (as allowed)

Combat Phase – For each area as required or desired

- **Defender Special Action** – Reinforce or retreat
- **Commit Assets** – Attacker then Defender
- **Declare Point Unit** – Defender then Attacker
- **Reveal Units** – Both
- **Artillery Fire** – Attacker then Defender
- **Ground Fire** – Defender then Attacker

Reaction & Breakthrough Phase – Both Players

- **Reaction** – Non-phasing Player
- **Breakthrough Movement** – Phasing Player
  - Units in reserve
  - Exploitation units
  - Armor Class units via Special Action
- **Breakthrough Combat** – Phasing Player
  - Limit of one combat round per area

Supply Phase – Both Players

- Verify control of areas
- Check supply status of all units
- Adjust disorder & recovery markers
- Morale check for Phasing Player's unsupplied units
- End of turn marker removal

Second Player Turn

- Second Player becomes Phasing Player/Attacker
- Repeat First Player Turn sequence above

Victory Check Phase

- Mark current VP level
- Check for Sudden Death Victory

Game Turn Advancement

MOVEMENT TABLE

Movement Allowance

Infantry Class – see 5.22 & 13.3	3
Armor Class – see 5.22 & 13.3	6

Movement Costs

Road Connection – basic cost	1
Field Connection – basic cost	2
Escarpment Boundary – via road connection only *(see 14.11)*	+1
Anti-Tank Ditch Boundary – if unbridged *(see 14.12)*	all
Wadi Boundary – via field connection *(see 14.13)*	+1
Rugged Boundary – infantry only; basic cost *(see 14.14)*	all
Congestion – additional cost	
Exit a contested area	+1
Enter an occupied area (units and/or assets; friendly and/or enemy)	+1
Crossing a ***Bridge***	+0
Crossing a ***Blown Bridge***	all
Minimum Move *(see 5.33)*	all

Movement Restrictions

Sequence – Move one Unit at a time

Entry – Must ***stop*** when entering an area with enemy:
- Unit or commando asset, or garrison asset
- Roadblock or defended roadblock

Exit – When exiting enemy occupied area, must exit ***directly into*** friendly uncontested area

Exit – Cannot exit enemy occupied area *and* re-enter another enemy occupied area in the same turn

Restricted Crossing in all cases of movement
Only 1 unit may cross an Escarpment or Rugged boundary

Restricted Crossing into Contested Area
Only 1 unit may cross into a contested area if the boundary is: Anti-Tank Ditch or Wadi

Crossing a Bridge into Contested Area
Only 1 unit may cross the bridge (whether intact or blown)
If area is ***newly*** contested, Defender may try to blow the bridge during the ***first*** bridge-crossing attempt into the area

Strategic Movement – Move any number of areas, however…
May only enter friendly-controlled areas connected by roads
Cannot enter areas with enemy units/assets/roadblocks
Cannot cross an unbridged Anti-Tank Ditch boundary
Cannot cross blown bridges

Strategic Movement – Limits per Game Turn
Syrian: limited only by number of Reserve markers
Israeli: limited only by number of Reserve markers

Night Turn – Both Sides
No unit can cross a prohibited boundary or move to/from Mt Hermon
Strat-move limits: 2 (Israeli) or 1 (Syrian)
No air assault & no air assets may be used

Night Turn – Israeli Units & Syrian Armor Class Units
Israeli: units move as normal
Syrian: units can move up to 2 areas expending no more than *4 MP*

Night Turn – Syrian Infantry Class units
Units can move only one area
